The Popular Price

In buying a Suit or Overcoat that Price is popular that gets the most for the money.

We find that it is about \$25.00

At that figure one may be sure of very satisfactory fabrics and linings, and thoroughly good tailoring.

Of course, the lower priced Suits and Overcoats, from \$15 to \$22, are just as well cut and as serviceable.

But from \$25 to \$45 the luxury of linings an l trimmings enters into the calculation.
